ASHISH LOKHANDE

Python Developer — Django — REST APIs — MySQL

Jalna, Maharashtra

Mo: +91-7666773084 Email: ashish.lokhande.dev@gmail.com LinkedIn: Ashish Lokhande GitHub: Ashpatil2003

PROFESSIONAL SUMMARY

Python Developer with hands-on experience building web applications using Python, Django, REST APIs, MySQL, and JavaScript. Developed projects involving authentication, CRUD operations, database management, Django ORM, and backend development. Familiar with building and integrating database-driven web applications with a focus on clean, maintainable code.

TECHNICAL SKILLS

Programming Languages: Python, SQL, JavaScript, C++, C
Backend: Django, Django REST Framework, REST APIs
Frontend: React.js, HTML, CSS
Databases: MySQL, SQLite, MongoDB
Libraries: NumPy, Pandas, Matplotlib
Tools: Git, GitHub, Visual studio code, PyCharm

EDUCATION

B.Sc. Computer Science — 7.8 CGPA
Dr.Babasaheb Ambedkar Marathwada University, Sambhajinagar - 2026

PROJECTS

BANK MANAGEMENT SYSTEM — *Python, MySQL* **Mar 2026 – Apr 2026**

- Developed a console-based banking management application using Python and MySQL.
- Implemented account creation, deposits, withdrawals, balance management, and transaction processing.
- Designed MySQL tables to store customer account and transaction data.
- Implemented input validation and exception handling for reliable transaction processing.

SOCIAL MEDIA WEB APPLICATION — *Django, Python, MySQL, Javascript* **Jun 2026 – Jul 2026**

- Developed a social media web application using Python and Django.
- Implemented user registration, login, authentication, and profile management.
- Developed CRUD functionality for creating, editing, and deleting posts containing text and images.
- Implemented like and follow functionality using Django ORM and MySQL.

MUSIC PLAYER WEB APPLICATION — *Django, Python, SQLite3* **Aug 2026 – Sep 2026**

- Developed a web-based music player using Django, Python, HTML, CSS, and JavaScript.
- Implemented user signup, login, and logout functionality.
- Added song upload, storage, and management functionality using Django and SQLite.
- Implemented play, pause, next, previous, volume, and song progress controls.

CERTIFICATIONS

- **Full Stack Python Development — Naresh IT, Jul 2026**
- **Generative AI Professional — Oracle Cloud Infrastructure, Sep 2025**
- **AI Foundations Associate — Oracle Cloud Infrastructure, Sep 2025**
